

Ezekiel Aurelius Lara

Engineering Leader | Fintech Platforms | Accessibility & Technical Delivery

Boerne, Texas | ezeklara74@gmail.com | +1 (956) 800-2148 | LinkedIn

LEADERSHIP PROFILE

Hands-on engineering leader with 20+ years of experience guiding delivery across enterprise web, mobile, digital banking, and application modernization. Combines deep expertise in Temenos Journey Maestro/Manager, frontend architecture, and WCAG/ADA with leadership in technical strategy, engineering standards, code reviews, mentoring, and cross-functional execution. Known for translating business priorities into scalable solutions, resolving high-impact production issues, reducing delivery risk, and improving platform stability and release quality.

PROFESSIONAL EXPERIENCE

Webster Bank | Frontend Engineer / ADA Lead | Jan 2025–Present | Remote

- Serve as Lead Developer for the global ADA Accessibility Initiative, setting implementation standards for semantic structure, keyboard navigation, screen-reader behavior, and focus management.
- Guide architecture and delivery of enterprise Journey Maestro banking forms, establishing reusable components and patterns that improve scalability, maintainability, and release consistency.
- Partner with backend, DevOps, QA, product, and business teams to translate requirements, integrate APIs, resolve production issues, and streamline delivery.

First National Bank | Senior Web Solutions Developer | 2023–2024

- Delivered secure Journey Maestro/Manager workflows supporting loan origination, customer authentication, and account verification across online and mobile banking.
- Coordinated accessible, responsive UI/UX across devices and cloud-backed services, balancing security, scalability, performance, and customer experience.

Omega One Developers | iOS / Full-Stack Engineer | 2016–Present

- Led technical decision-making across projects, defining architecture patterns, coding standards, scalability strategies, and structured Git and release workflows.
- Mentored developers and facilitated code, UI, and architecture reviews while translating stakeholder priorities into accessible, production-ready mobile and web solutions.

Temenos | Frontend / UI Developer | 2018–2023

- Delivered Infinity Journey Maestro interfaces and reusable form templates using JavaScript, JSON, and Java, including automated workflows and API integrations.
- Contributed to Agile delivery, A/B testing, CI/CD, and cloud deployments while collaborating across front- and back-end systems.

Earlier Experience — Art Director / Graphic Designer | 2006–2016

LEADERSHIP & TECHNICAL:

LEADERSHIP & DELIVERY

- Technical Strategy & Standards
- Mentoring & Code Reviews
- Cross-Functional Agile Delivery

FINTECH & INTEGRATION

- Journey Maestro/Manager
- T24, IRIS R18, Infinity/KONY
- REST APIs, Apigee, IBM ESB

FRONTEND & MOBILE

- JavaScript, TypeScript, React
- Java, HTML5, CSS3, ARIA/WCAG
- Swift, Flutter/Dart, Git, CI/CD

EDUCATION & CERTIFICATIONS:

B.S. Computer Science; A.A.S. Computer Science | Journey Manager; Core Banking AA; Accessibility; Java; C#
