

Ezekiel Aurelius Lara

Senior Frontend Engineer | Temenos Journey Maestro | Fintech Accessibility

Boerne, Texas | ezeklara74@gmail.com | +1 (956) 800-2148 | LinkedIn

PROFESSIONAL SUMMARY

Engineering leader with 20+ years of experience delivering enterprise web, mobile, and fintech solutions. Expert in Temenos Journey Maestro/Manager, frontend architecture, accessibility, secure banking workflows, and application modernization. Hands-on leader known for resolving high-impact production issues, improving engineering standards, mentoring developers, and translating complex requirements into scalable solutions.

PROFESSIONAL EXPERIENCE

Webster Bank | Frontend Engineer / ADA Lead | Jan 2025–Present | Remote

- Build secure, scalable Journey Maestro banking forms with reusable JavaScript, HTML5, CSS3, validation, and REST integration components.
- Lead global WCAG/ADA remediation across semantic ARIA, keyboard navigation, screen readers, and focus management.
- Refactor legacy templates and establish architecture patterns that improve reliability, maintainability, and release consistency.

First National Bank | Senior Web Solutions Developer | 2023–2024

- Developed and maintained secure online and mobile banking applications with Journey Maestro and Journey Manager, supporting loan origination, customer authentication, and account verification workflows.
- Optimized accessible, responsive UI/UX across mobile, tablet, and desktop while using AWS, Azure, and Google Cloud for scalable digital banking services.

Omega One Developers | iOS / Full-Stack Engineer | 2016–Present

- Architected cross-platform and full-stack applications using Swift, Flutter/Dart, JavaScript, REST APIs, and modern backend services.
- Led architecture and code reviews, Git workflows, WCAG/ADA implementation, developer mentoring, and release management across mobile and web projects.

Temenos | Frontend / UI Developer | 2018–2023

- Developed and maintained Infinity Journey Maestro interfaces using JavaScript, JSON, and Java, including reusable form templates and automated workflows.
- Integrated front- and back-end services through APIs and contributed to A/B testing, Agile delivery, CI/CD, and cloud deployments.

Earlier Experience — Art Director / Graphic Designer | 2006–2016
